## Fisher & Paykel Appliances sets up community laundry facilities again for Christchurch, New Zealand

---

Fisher & Paykel Appliances has set up community laundries in select locations and community centres across Christchurch, similar to the service it established following the September earthquake last year.

Currently we have two sites with laundry facilities available to the public. The plan is to have a number of sites operational at locations around the city. We are working with Civil Defence to identify more locations and will make this information publicly available on our website [www.fp.co.nz](http://www.fp.co.nz) in a dedicated area on our home page.

### Laundry Sites Open

- **Hornby** - Fisher & Paykel site at 79 Shands Road, Hornby  
Open 8.00am – 4.00pm, Monday to Friday; Contact (03) 344 4622  
Open 8.30am – 4.00 pm, **Saturday and Sunday**; Contact (03) 344 4622
- **Kaiapoi** -Corner Berswick & Charles Street (situated in a portacom)  
Open 8.00am – 4.00pm, Monday to Friday; Contact is Dave 021 995 973

### Proposed

We are currently looking to set up another site at Rolleston and will let people know as soon as this is confirmed. This will be at:

- **Rolleston Community Centre**, 94 Rolleston Drive Rolleston. Open 8.00am – 4.00pm. Contact Ross 027 764 3223.

### Not currently operational

Unfortunately due to a lack of water or sewage facilities, the Aranui site at the National Marae, 250 Pagers Rd, which was set up following September's earthquake, is no longer operational.

We will provide further updates on additional locations as we work with Civil Defence and the Red Cross to identify where the greatest need lies. Information on these sites will be available on the Civil Defence and Red Cross websites, as well as [www.fp.co.nz](http://www.fp.co.nz) .
